MEDITERRANEAN

## ABOUT US

For centuries, olive oil has been more than a product in the Mediterranean—it has been a tradition, a way of life, and a vital source of nourishment. At **Gustopina**, we carry this heritage forward, offering the world the same purity and authenticity that has defined our lands for generations.

Our extra virgin olive oil is produced through cold pressing, ensuring that every drop preserves its natural richness. With low acidity and high polyphenol levels, Gustopina delivers not only exceptional flavor but also the health benefits that have made olive oil a cornerstone of Mediterranean living.

We are proud to uphold the highest international standards: our production is certified **BRC A+ Grade**, **Halal**, and **Kosher**, and we have successfully passed the **Sedex ethical audit**. Alongside our premium Extra Virgin Olive Oil, we also offer **Virgin Olive Oil**, **Pure Olive Oil**, and **Pomace Olive Oil**, extending the tradition to meet diverse culinary needs.

Every bottle is a testament to the sun, soil, and culture of the Mediterranean. We invite you to experience this timeless tradition, refined into premium quality for today's tables.

**Gustopina – Mediterranean Heritage, Pure Taste.**
